

ASSESSMENT

Reflecting
on
Your
Unit

Checklist	Comments
<input type="checkbox"/> The unit, as a whole, investigates an open-ended, complex problem, system, or idea.	
<input type="checkbox"/> The unit contains authentic applications outside of the classroom.	
<input type="checkbox"/> Unit goals are in alignment with and support curricular standards and the Curriculum-Framing Questions.	
<input type="checkbox"/> From the knowledge gained from developing their ideas with the thinking tools, students conduct additional research to make further plans of action, decisions, or conclusions in order to answer the larger questions of the unit.	
<input type="checkbox"/> Activities within the unit require students to use higher-order thinking skills—apply, analyze, synthesize, and/or evaluate information.	
<input type="checkbox"/> Multiple authentic assessment strategies are incorporated into the unit.
